TrafficKing 2020-01-21 Conchita Sarnoff Advocate and abolitionist Conchita Sarnoff risked her life to tell the truth about a Wall Street billionaire hedge fund manager who is now a level-3 registered sex offender. TrafficKing uncovers a child sex trafficking case of epic proportions and the longest-running human trafficking case in U.S. legal history—more poignant than the Lewinsky case, Watergate scandal, and Profumo affair combined. Eleven years after the registered level-3 sex offender was arrested, four cases associated with his 2005 criminal investigation remain open. The pedophile was not prosecuted under The Trafficking Victims Protection Act (TVPA), a law enacted in Florida in 2000. In this gripping exposé, Sarnoff finds out why. TrafficKing is a true story exposing the dark side of the human condition: avarice, lust, power, and influence peddling at the highest levels of government.

Practical Language Testing 2013-11-26 Glenn Fulcher Practical Language Testing equips you with the skills, knowledge and principles necessary to understand and construct language tests. This intensely practical book gives guidelines on the design of assessments within the classroom, and provides the necessary tools to analyse and improve assessments, as well as deal with alignment to externally imposed standards. Testing is situated both within the classroom and within the larger social context, and readers are provided the knowledge necessary to make realistic and fair decisions about the use and implementation of tests. The book explains the normative role of large scale testing and provides alternatives that the reader can adapt to their own context. This fulfils the dual purpose of providing the reader with the knowledge they need to prepare learners for tests, and the practical skills for using assessment for learning. Practical Language Testing is the ideal introduction for students of applied linguistics, TESOL and modern foreign language teaching as well as practicing teachers required to design or implement language testing programmes. The book is supported by frequently updated online resources at <http://languagetesting.info/> including sets of scenarios providing resources to study aviation English assessment, call centre assessment, military language assessment, and medical language assessment. The materials can be used to structure debates and seminars, with pre-reading and video activities. Practical Language Testing was commended as a 2012 runner-up of the prestigious SAGE/ILTA Award for Best Book on Language Testing.

Leisurely Islam 2013-10-27 Lara Deeb How the rise of leisure is changing contemporary Lebanon South Beirut has recently become a vibrant leisure destination with a plethora of cafés and restaurants that cater to the young, fashionable, and pious. What effects have these establishments had on the moral norms, spatial practices, and urban experiences of this Lebanese community? From the diverse voices of young Shi'i Muslims searching for places to hang out, to the Hezbollah officials who want this media-savvy generation to be more politically involved, to the religious leaders worried that Lebanese youth are losing their moral compasses, Leisurely Islam provides a sophisticated and original look at leisure in the Lebanese capital. What makes a café morally appropriate? How do people negotiate morality in relation to different places? And under what circumstances might a pious Muslim go to a café that serves alcohol? Lara Deeb and Mona Harb highlight tensions and complexities exacerbated by the presence of multiple religious authorities, a fraught sectarian political context, class mobility, and a generation that takes religion for granted but wants to have fun. The authors elucidate the political, economic, religious, and social changes that have taken place since 2000, and examine leisure's influence on Lebanese sociopolitical and urban situations. Asserting that morality and geography cannot be fully understood in isolation from one another, Leisurely Islam offers a colorful new understanding of the most powerful community in Lebanon today.

Strangeland 2013-05-09 Tracey Emin The intimate memoirs of one of the most acclaimed and controversial artists of her generation. Here I am, a fucked, crazy, anorexic-alcoholic-childless, beautiful woman. I never dreamt it would be like this. 'Frequently affecting...intriguing, almost incantatory' Telegraph Tracey Emin's Strangeland is her own space, lying between the Margate of her childhood, the Turkey of her forefathers and her own, private-public life in present-day London. Her writings, a combination of memoirs and confessions, are deeply intimate, yet powerfully engaging. Tracey retains a profoundly romantic world view, paired with an uncompromising honesty. Her capacity both to create controversies and to strike chords is unequalled in British life. A remarkable book - and an original, beautiful mind. 'As spare and poignant as one of Emin's line drawings' Marie Claire

Epstein 2019-12-03 Dylan Howard This is—for the first time—the full and unedited story behind the sick life and mysterious death of Jeffrey Epstein that is being called one of the most significant scandals in American history He was the billionaire financier and close confidant of presidents, prime ministers, movie stars and British royalty, the mysterious self-made man who rose from blue-collar Brooklyn to the heights of luxury. But while he was flying around the world on his private jet and hosting lavish parties at his private island in the Caribbean, he also was secretly masterminding an international child sex ring—one that may have involved the richest and most influential men in the world. The conspiracy of corruption was an open secret for decades. And then this summer, it all came crashing down. After his arrest on sex trafficking charges in July, it seemed Epstein's darkest secrets would finally see the light. But hopes for true justice were shattered on August 10 this year, when he was found dead in his cell at the Metropolitan Correctional Center, New York. The verdict: suicide. The timing: convenient, to say the least. Now, Epstein: Dead Men Tell No Tales delivers bombshell new revelations, uncovers how the man President Trump once described as a "terrific guy" abused hundreds of underage girls at his mansions in Palm Beach and Manhattan... all while entertaining the world's most powerful men—including President Clinton, Prince Andrew, and Donald Trump himself. How much did they know about his perversions? And did they take part? How might they have helped him to continue his abuse, and to escape justice for it? What responsibility might they have for his sudden, shocking death? And is there a shocking spy and blackmail story at the heart of the scandal? The answers to these questions and more will be explored in Epstein: Dead Men Tell No Tales with groundbreaking new reporting, never-before-seen court files, and interviews with new witnesses and confidants. Combining the very best investigative reporting from investigative journalists Dylan Howard, Melissa Cronin and James Robertson—who have been covering the case for close to a decade—will send shockwaves through the highest levels of the establishment.

The Veiled Web 2022-09-27 Catherine Asaro "A near-future layering of East and West, of religion and technology . . . and of love and its loss—all woven into an intriguing tapestry." —Diana Gabaldon, bestselling author of the Outlander series Winner of the Homer Award for Best Science Fiction Novel A renowned prima ballerina, Lucia del Mar is far more comfortable expressing herself through dance than with words. Shy and introverted, she spends most of her spare time on her laptop. Still, Lucia's job forces her out of her comfort zone, which is how she winds up at a White House reception where she meets Rashid al-Jazari, the wealthy CEO of a multinational corporation. Although attracted to him, Lucia can't help but feel awkward and shrugs off their encounter as a one-time event. Not realizing he feels a similar attraction, she never imagines Rashid will seek out her performances; he is the last person she expects to see when her dance company travels to Italy. Their reunion takes an even more unexpected turn when they're both drugged and kidnapped. Although they overcome their abductors, it leaves them stranded in North Africa. For her own safety, Lucia agrees to marry Rashid, at least for the time being. As she recovers at his family compound in Morocco, reeling from their brush with danger, she struggles to fit into a culture she knows nothing about—and to deal with her growing feelings for Rashid. At the same time, at his secret office there, Rashid is developing a dramatic leap forward in artificial intelligence combined with virtual reality. He finds himself plunged into a fight for control of his work against powerful international forces, and caught in the middle, Lucia is swept into that battle . . . "A terrific novel, ripping a path from today's headlines to tomorrow's realities." —Robert J. Sawyer, Nebula Award-winning author
