**Fintan's Tower** 2011-12-31 Catherine Fisher Jamie was at the library looking for a book that was different, one he could get lost in. But he didn't mean it literally. The Book with his own name in it leads Jamie and his sister Jenny into the Summer Country - a world of magic and danger, where even time behaves strangely; where Fintan's Tower has held its prisoner since the days of Camelot, and will keep Jamie and Jenny, too, unless Jamie can read the book right . . .

**Darkhenge** 2012-01-31 Catherine Fisher It's been three months since Rob's younger sister, Chloe, fell into a coma after a riding accident, and his life is in disarray. Rob's parents spend most of their time at his sister's bedside, and his best friend is afraid to talk to Rob about Chloe. To distract himself, Rob takes a job working at a secret archaeological site, where workers have uncovered a mystical ring of black timbers. At its center an ancient tree is buried upside down in the earth—a tree with the power to transport Rob to the Unworld, where Chloe lives in a forest of enchanting dreams, trapped between life and death. Catherine Fisher has combined a fascinating exploration of myth with a modern quest for understanding. Where is the land of the imagination? And if we found our way there, would we ever want to come back?
