Nineteen Eighty-Four 2021-01-09 George Orwell "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Pablo Picasso 2011-07-01 Victoria Charles Picasso was born a Spaniard and, so they say, began to draw before he could speak. As an infant he was instinctively attracted to artist's tools. In early childhood he could spend hours in happy concentration drawing spirals with a sense and meaning known only to himself. At other times, shunning children's games, he traced his first pictures in the sand. This early self-expression held out promise of a rare gift. Málaga must be mentioned, for it was there, on 25 October 1881, that Pablo Ruiz Picasso was born and it was there that he spent the first ten years of his life. Picasso's father was a painter and professor at the School of Fine Arts and Crafts. Picasso learnt from him the basics of formal academic art training. Then he studied at the Academy of Arts in Madrid but never finished his degree. Picasso, who was not yet eighteen, had reached the point of his greatest rebelliousness; he repudiated academia's anemic aesthetics along with realism's pedestrian prose and, quite naturally, joined those who called themselves modernists, the non-conformist artists and writers, those whom Sabartés called "the élite of Catalan thought" and who were grouped around the artists' café Els Quatre Gats. During 1899 and 1900 the only subjects Picasso deemed worthy of painting were those which reflected the "final truth"; the transience of human life and the inevitability of death. His early works, ranged under the name of "Blue Period" (1901-1904), consist in blue-tinted paintings influenced by a trip through Spain and the death of his friend, Casagemas. Even though Picasso himself repeatedly insisted on the inner, subjective nature of the Blue Period, its genesis and, especially, the monochromatic blue were for many years explained as merely the results of various aesthetic influences. Between 1905 and 1907, Picasso entered a new phase, called "Rose Period" characterised by a more cheerful style with orange and pink colours. In Gosol, in the summer of 1906 the nude female form assumed an extraordinary importance for Picasso; he equated a depersonalised, aboriginal, simple nakedness with the concept of "woman". The importance that female nudes were to assume as subjects for Picasso in the next few months (in the winter and spring of 1907) came when he developed the composition of the large painting, *Les Femmes d'Alger*. Just as African art is usually considered the factor leading to the development of Picasso's classic aesthetics in 1907, the lessons of Cézanne are perceived as the cornerstone of this new progression. This relates, first of all, to a spatial conception of the canvas as a composed entity, subjected to a certain constructive system. Georges Braque, with whom Picasso became friends in the autumn of 1908 and together with whom he led Cubism during the six years of its apogee, was amazed by the similarity of Picasso's pictorial experiments to his own. He explained that: "Cubism's main direction was the materialisation of space." After his Cubist period, in the 1920s, Picasso returned to a more figurative style and got closer to the surrealist movement. He represented distorted and monstrous bodies but in a very personal style. After the bombing of Guernica during 1937, Picasso made one of his most famous works which starkly symbolises the horrors of that war and, indeed, all wars. In the 1960s, his art changed again and Picasso began looking at the art of great masters and based his paintings on ones by Velázquez, Poussin, Goya, Manet, Courbet and Delacroix. Picasso's final works were a mixture of style, becoming more colourful, expressive and optimistic. Picasso died in 1973, in his villa in Mougins. The Russian Symbolist Georgy Chulkov wrote: "Picasso's death is tragic. Yet how blind and naïve are those who believe in imitating Picasso and learning from him. Learning what? For these forms have no corresponding emotions outside of Hell. But to be in Hell means to anticipate death. The Cubists are hardly privy to such unlimited knowledge".

One Hundred Years of Solitude 2022-10-11 Gabriel García Márquez One of the twentieth century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

The Spanish Connection 2016-09-12 Eberhard Crailsheim In early modern times, the city of Seville was the most important entrepôt between the Old and the New World, attracting numerous merchants from all of Europe. They provided the American market with European merchandise, especially with textiles and metalware from Flanders and France. This book investigates the networks of Flemish and French merchants in Seville, displaying overall structures of trade as well as collective strategies of both merchant colonies.

1000 Pinturas de los Grandes Maestros 2014-11-24 Victoria Charles Desde el Renacimiento temprano, pasando por el Barroco y el Romanticismo hasta el Cubismo, Surrealismo y Pop Art, estas pinturas canónicas del arte occidental abarcan ocho siglos y una multitud de temas. Aquí encontrarás lo sagrado y lo escandaloso, lo minimalista y lo opulente, lo rompedor y lo convencional; hay cuadros que capturaron la esencia de una época y otros que marcaron el inicio de una nueva; obras de arte que fueron inmediatamente catalogadas de geniales y otras que al principio encontraron cierta reticencia. Todas han superado la prueba del tiempo y, a su manera, contribuyen a la dialéctica sobre lo que convierte a un cuadro en obra maestra, sobre lo que han cambiado las nociones sobre el arte, hasta qué punto el arte refleja la realidad y en qué medida la altera. Presentándolas aquí reunidas, estas obras de arte pretenden ayudar a comprender la evolución de las preocupaciones y percepciones de nuestros ancestros, así como ofrecernos una pausa para considerar qué obras de nuestra era pasarán a los cánones de la pintura.

Purity of Blood 2017-11-16 Arturo Perez-Reverte The second 'Captain Alatraste' novel, from a series which has sold 4 million copies worldwide A woman has been found in a sedan chair in front of a church, strangled. In her hand is a pouch containing fifty escudos and a handwritten - but unsigned - note bearing the words 'For masses for her soul'. The chief constable Martin Saldana confides in his old friend and comrade in arms, Diego Alatraste. Still in danger from the powerful enemies he made in his first adventure, Captain Alatraste is considering returning to Flanders where the war has just resumed. But first, his old friend Quevedo asks him for a favour. The daughter of one of his friends must be rescued from a convent, which certain 'priests' seem to be treating as little more than a harem. Then the woman who brought the girl to the convent goes missing and the connection is made to the murder at the church. It seems that Alatraste's sword is required once more.
