The Scars That Have Shaped Me 2017-03-31 Vaneetha Rendall Risner 21 surgeries by age 13. Years in the hospital. Verbal and physical bullying from schoolmates. Multiple miscarriages as a young wife. The death of a child. A debilitating progressive disease. Riveting pain. Abandonment. Unwanted divorce... Vaneetha begged God for grace that would deliver her. But God offered something better: his sustaining grace.

Black Iron 2018 Franklin Veaux It's 1855, but not as we know it. The schism between the One True French Catholic Church and the heretical Italian Catholic Church has stoked three centuries of conflict, imploding the dream of European ascendancy. Thousands flee the Spanish Inquisition for havens in Germany, France, Britain and the colonies of the New World. The face and character of London has been indelibly altered by generations of refugees. Tasked with keeping order and preserving the ecumenical vision of the Holy French Catholic Church in the face of throngs clamoring for traditional British values, the London police find themselves in an awkward position. And nobody is quite sure how to deal with the technological innovation of animates: mindless laborers crafted from the body parts of the dead. A murderous plot with far-reaching implications casts a city torn between renaissance and tyranny as the unwitting catalyst for unspeakable global calamity. The fate of this world lies, as it often does, in the hands of a motley and disparate crew brought together by inglorious serendipity. Ironworks and iron fists will take London, and the Old World with it, to the cutting edge of a treacherous new century.

Rats 2012-10-06 Paul Zindel Sarah and her brother have grown up next to the world's largest garbage dump on Staten Island in New York City. Little do they know, thousands of rodents at the dump have mutated into gruesome, killer rats and one of the workers there has just been badly mauled. Without mercy, the rats wreak havoc and devastation upon the once-peaceful neighborhood, entering homes through kitchen sinks and toilets. Now the entire city stands on the brink of total infestation. Can the kids save millions of innocent people from the approaching and unrelenting rat horde?

The Complete MAUS 2011 Art Spiegelman Maus I: A Survivor's Tale and Maus II - the complete story of Vladek Spiegelman and his wife, living and surviving in Hitler's Europe. By addressing the horror of the Holocaust through cartoons, the author captures the everyday reality of fear and is able to explore the guilt, relief and extraordinary sensation of survival - and how the children of survivors are in their own way affected by the trials of their parents. A contemporary classic of immeasurable significance.

Comparing the Literatures 2020-04-07 David Damrosch "The discipline of comparative literature has long sought to develop effective theories and methods of broad-based study, but ideas based on national canons in a handful of Western European countries no longer seem adequate even for the study of national literatures themselves. Comparing the Literatures integrates comparative, postcolonial, and world-literary perspectives and seeks common ground. Looking both at institutional forces and at key episodes in the life and work of comparatists who have struggled to define and to redefine the fundamental terms of literary analysis, from language to literature to theory to comparison itself, Damrosch offers a comprehensive overview of the history and current prospects of comparative studies in a globalizing world"--

The Big Gamble 2019-12-17 Milena Belloni A free open access ebook is available upon publication. Learn more at www.luminosoa.org. Tens of thousands of Eritreans make perilous voyages across Africa and the Mediterranean Sea every year. Why do they risk their lives to reach European countries where so many more hardships await them? By visiting family homes in Eritrea and living with refugees in camps and urban peripheries across Ethiopia, Sudan, and Italy, Milena Belloni untangles the reasons behind one of the most under-researched refugee populations today. Balancing encounters with refugees and their families, smugglers, and visa officers, The Big Gamble contributes to ongoing debates about blurred boundaries between forced and voluntary migration, the complications of transnational marriages, the social matrix of smuggling, and the role of

family expectations, emotions, and values in migrants' choices of destinations.

Ancient Greece and Rome in Videogames 2021-06-03 Ross Clare This volume presents an original framework for the study of video games that use visual materials and narrative conventions from ancient Greece and Rome. It focuses on the culturally rich continuum of ancient Greek and Roman games, treating them not just as representations, but as functional interactive products that require the player to interpret, communicate with and alter them. Tracking the movement of such concepts across different media, the study builds an interconnected picture of antiquity in video games within a wider transmedial environment. *Ancient Greece and Rome in Videogames* presents a wide array of games from several different genres, ranging from the blood-spilling violence of god-killing and gladiatorial combat to meticulous strategizing over virtual Roman Empires and often bizarre adventures in pseudo-ancient places. Readers encounter instances in which players become intimately engaged with the "epic mode" of spectacle in *God of War*, moments of negotiation with colonised lands in *Rome: Total War* and *Imperium Romanum*, and multi-layered narratives rich with ancient traditions in games such as *Eleusis* and *Salamambo*. The case study approach draws on close analysis of outstanding examples of the genre to uncover how both representation and gameplay function in such "ancient games".

Sand Creek and the Tragic End of a Lifeway 2020-03-12 Louis Kraft Western Heritage Award, Best Western Nonfiction Book, National Cowboy and Western Heritage Museum Nothing can change the terrible facts of the Sand Creek Massacre. The human toll of this horrific event and the ensuing loss of a way of life have never been fully recounted until now. In *Sand Creek and the Tragic End of a Lifeway*, Louis Kraft tells this story, drawing on the words and actions of those who participated in the events at this critical time. The history that culminated in the end of a lifeway begins with the arrival of Algonquin-speaking peoples in North America, proceeds through the emergence of the Cheyennes and Arapahos on the Central Plains, and ends with the incursion of white people seeking land and gold. Beginning in the earliest days of the Southern Cheyennes, Kraft brings the voices of the past to bear on the events leading to the brutal murder of people and its disastrous aftermath. Through their testimony and their deeds as reported by contemporaries, major and supporting players give us a broad and nuanced view of the discovery of gold on Cheyenne and Arapaho land in the 1850s, followed by the land theft condoned by the U.S. government. The peace treaties and perfidy, the unfolding massacre and the investigations that followed, the devastating end of the Indians' already-circumscribed freedom—all are revealed through the eyes of government officials, newspapers, and the military; Cheyennes and Arapahos who sought peace with or who fought Anglo-Americans; whites and Indians who intermarried and their offspring; and whites who dared to question what they considered heinous actions. As instructive as it is harrowing, the history recounted here lives on in the telling, along with a way of life destroyed in all but cultural memory. To that memory this book gives eloquent, resonating voice.

The Circle 2013-10-08 Dave Eggers INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a "compulsively readable parable for the 21st century" (Vanity Fair). When Mae Holland is hired to work for the Circle, the world's most powerful internet company, she feels she's been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

The Tipping Point 2006-11-01 Malcolm Gladwell From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. "A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world." —Michael Lewis

Journalism, Science and Society 2008-07-25 Martin W. Bauer Analyzing the role of journalists in science communication, this book presents a perspective on how this is going to evolve in the twenty-first century. The book takes three distinct perspectives on this interesting subject. Firstly, science journalists reflect on their 'operating rules' (science news values and news making routines). Secondly, a brief history of science journalism puts things into context, characterising the changing output of science writing in newspapers over time. Finally, the book invites several international journalists or communication scholars to comment on these observations thereby opening the global perspective. This unique project will interest a range of readers including science communication students, media studies scholars, professionals working in science communication and journalists.

Flames 2018-04-30 Robbie Arnott *Shortlisted for the Guardian's Not the Booker Prize 2019* 'A strange and joyous marvel.' Richard Flanagan *Shortlisted for the Guardian's Not the Booker Prize 2019* In Robbie Arnott's widely acclaimed and much-loved first novel, a young man named Levi McAllister decides to build a coffin for his sister, Charlotte—who promptly runs for her life. A water rat swims upriver in quest of the cloud god. A fisherman hunts for tuna in partnership with a seal. And a father takes form from fire. The answers to these riddles are to be found in this tale of grief and love and the bonds of family, tracing a journey across the southern island. Utterly original in conception, spellbinding in its descriptions of nature and celebration of language, *Flames* is one of the most exciting debuts of recent years. Robbie Arnott was born in Launceston in 1989. He was a 2019 Sydney Morning Herald Best Young Novelist, and won the 2019 Margaret Scott Prize, the 2015 Tasmanian Young Writers' Fellowship and the

2014 Scribe Nonfiction Prize for Young Writers. His widely acclaimed debut, *Flames*, was published in 2018. *The Rain Heron*, his second novel, will be published in 2020. Robbie's writing has appeared in the *Lifted Brow*, *Island*, *Kill Your Darlings*, *Meanjin* and the anthology *Seven Stories*. He lives in Hobart. 'Ambitious storytelling from a stunning new Australian voice. *Flames* is constantly surprising—I never knew where the story would take me next. This book has a lovely sense of wonder for the world. It's brimming with heart and compassion.' Rohan Wilson 'Arnott confidently borrows from the genres of crime fiction, thriller, romance, comedy, eco-literature, and magical realism, throws them in the air, and lets the pieces land to form a flaming new world.' Sydney Morning Herald 'This is a startlingly good first novel, stylistically adventurous, gorgeous in its descriptions and with a compelling narrative that should find a wide readership.' Australian 'An Australian literary fabulist classic - well, it certainly deserves to be.' Avid Reader 'Visionary, vivid, full of audacious transformations: there's a marvellous energy to this writing that returns the world to us aflame. A brilliant and wholly original debut.' Gail Jones 'Robbie Arnott is a vivid and bold new voice in Australian fiction.' Danielle Wood 'Arnott skilfully switches between different voices and genres in a trick reminiscent of David Mitchell's *Cloud Atlas*. The range he displays is impressive, swinging from fable to gothic horror to hardboiled detective story.' Books+Publishing 'Flames is an exuberantly creative and confident debut. This is a story that sparks with invention...Invigorating, strange and occasionally brutal.' Australian Book Review 'This is the kind of book that you'll be able to read a second, third, even fourth time, and it will still never reveal all its secrets. Composed with meticulous attention to detail, and a mastery of form rarely found in a debut novel, *Flames* will keep you stewing long after you've finished reading it.' Readings 'A surprising story with a definite feminist edge...the novel's playfulness and poetry make for a fresh and entertaining read.' Saturday Paper 'It will be immediately apparent to anyone even vaguely familiar with Tasmania that Arnott is on intimate terms with his island, and his exquisite descriptive prose definitely does this gem of a place justice...More please, Mr Arnott.' BookMooch 'A gloriously audacious book. It runs astonishing risks and takes on the biggest emotions...It bowled me sideways.' New Zealand Herald 'The quirkiness of the characters—a staple of novels set in small-town Australia—allows for good-natured humour as well as biting satire, but it's the mythic qualities of this novel that make it special. It's as if Arnott has invented a whole mythology that is all our very own. If you like the fiction of Jane Rawson, I think you will like this one too.' ANZ Lit Lovers 'An extremely evocative and imaginative work...Undeniably powerful...it is refreshing to see the Australian landscape written about so vividly.' Good Reading '[A] novel you will want to read more than once, not so much to plumb its depths as to savour its wild variety of styles and voices, to revel in its breathtaking descriptions of Tasmanian wilderness and to grasp its intricate structure...There is no doubt that a poetically wild and wicked imagination is at work here. More please!' SA WEEKEND 'It's not hard to see where the hype came from. This is an assured, funny and highly imaginative work. *Flames* is strange from the first, arresting sentence.' Stuff NZ 'Highly innovative...[A] finely built and realised first novel.' Otago Daily Times 'Unique and memorable...Extraordinary energy...A rich and memorable picture with prose of an exceptionally high quality. You won't read another Australian literary novel like this anytime soon.' Kill Your Darlings 'Flames is brilliant...Enjoy it for its prose poetry, its vivid imagery, its brilliant turns of phrase on nearly every page.' NZ Listener

Plugged In 2017-04-25 Patti M. Valkenburg An illuminating study of the complex relationship between children and media in the digital age Now, as never before, young people are surrounded by media—thanks to the sophistication and portability of the technology that puts it literally in the palms of their hands. Drawing on data and empirical research that cross many fields and continents, authors Valkenburg and Piotrowski examine the role of media in the lives of children from birth through adolescence, addressing the complex issues of how media affect the young and what adults can do to encourage responsible use in an age of selfies, Twitter, Facebook, and Instagram. This important study looks at both the sunny and the dark side of media use by today's youth, including why and how their preferences change throughout childhood, whether digital gaming is harmful or helpful, the effects of placing tablets and smartphones in the hands of toddlers, the susceptibility of young people to online advertising, the legitimacy of parental concerns about media multitasking, and more.

Owning the Olympics 2009-12-10 Monroe Price "A major contribution to the study of global events in times of global media. *Owning the Olympics* tests the possibilities and limits of the concept of 'media events' by analyzing the mega-event of the information age: the Beijing Olympics. . . . A good read from cover to cover." —Guobin Yang, Associate Professor, Asian/Middle Eastern Cultures & Sociology, Barnard College, Columbia University From the moment they were announced, the Beijing Games were a major media event and the focus of intense scrutiny and speculation. In contrast to earlier such events, however, the Beijing Games are also unfolding in a newly volatile global media environment that is no longer monopolized by broadcast media. The dramatic expansion of media outlets and the growth of mobile communications technology have changed the nature of media events, making it significantly more difficult to regulate them or control their meaning. This volatility is reflected in the multiple, well-publicized controversies characterizing the run-up to Beijing 2008. According to many Western commentators, the People's Republic of China seized the Olympics as an opportunity to reinvent itself as the "New China"—a global leader in economics, technology, and environmental issues, with an improving human-rights record. But China's maneuverings have also been hotly contested by diverse global voices, including prominent human-rights advocates, all seeking to displace the official story of the Games. Bringing together a distinguished group of scholars from Chinese studies, human rights, media studies, law, and other fields, *Owning the Olympics* reveals how multiple entities—including the Chinese Communist Party itself—seek to influence and control the narratives through which the Beijing Games will be understood. digitalculturebooks is an imprint of the University of Michigan Press and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and their impact on society, culture, and scholarly communication. Ask a Manager 2018-05-01 Alison Green From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because

they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

The Darker Side of Travel 2009 Richard Sharpley *The Darker Side of Travel* is a contemporary and comprehensive analysis of dark tourism. Drawing on existing literature, numerous examples and introducing new conceptual perspectives, it develops a theoretically informed foundation for examining the demand for and supply of dark tourism experiences. It also explores issues relevant to the development, management and interpretation of visitor sites and attractions associated with death, disaster and suffering.

Terrorism, Crime, and Public Policy 2008-10-20 Brian Forst *Terrorism, Crime, and Public Policy* describes the problem of terrorism; compares it to other forms of aggression, particularly crime and war; and discusses policy options for dealing with the terrorism. It focuses on the causes of terrorism with the aim of understanding its roots and providing insights toward policies that will serve to prevent it. The book serves as a single-source reference on terrorism and as a platform for more in-depth study, with a set of discussion questions at the end of each chapter. Individual chapters focus on the nature of terrorism, theories of aggression and terrorism, the history of terrorism, the role of religion, non-religious extremism and terrorism, the role of technology, terrorism throughout the modern world, responses to terrorism, fear of terrorism, short-term approaches and long-term strategies for preventing terrorism, balancing security and rights to liberty and privacy, and pathways to a safer and saner 21st century.

Creating Characters 2014-11-01 Writer's Digest Books Create characters that leap off the page—and into readers' hearts! Entertainment Science 2018-08-01 Thorsten Hennig-Thurau The entertainment industry has long been dominated by legendary screenwriter William Goldman's “Nobody-Knows-Anything” mantra, which argues that success is the result of managerial intuition and instinct. This book builds the case that combining such intuition with data analytics and rigorous scholarly knowledge provides a source of sustainable competitive advantage – the same recipe for success that is behind the rise of firms such as Netflix and Spotify, but has also fueled Disney's recent success. Unlocking a large repertoire of scientific studies by business scholars and entertainment economists, the authors identify essential factors, mechanisms, and methods that help a new entertainment product succeed. The book thus offers a timely alternative to “Nobody-Knows” decision-making in the digital era: while coupling a good idea with smart data analytics and entertainment theory cannot guarantee a hit, it systematically and substantially increases the probability of success in the entertainment industry. *Entertainment Science* is poised to inspire fresh new thinking among managers, students of entertainment, and scholars alike. Thorsten Hennig-Thurau and Mark B. Houston – two of our finest scholars in the area of entertainment marketing – have produced a definitive research-based compendium that cuts across various branches of the arts to explain the phenomena that provide consumption experiences to capture the hearts and minds of audiences. Morris B. Holbrook, W. T. Dillard Professor Emeritus of Marketing, Columbia University *Entertainment Science* is a must-read for everyone working in the entertainment industry today, where the impact of digital and the use of big data can't be ignored anymore. Hennig-Thurau and Houston are the scientific frontrunners of knowledge that the industry urgently needs. Michael Kölmel, media entrepreneur and Honorary Professor of Media Economics at University of Leipzig *Entertainment Science's* winning combination of creativity, theory, and data analytics offers managers in the creative industries and beyond a novel, compelling, and comprehensive approach to support their decision-making. This ground-breaking book marks the dawn of a new Golden Age of fruitful conversation between entertainment scholars, managers, and artists. Allègre Hadida, Associate Professor in Strategy, University of Cambridge

Reading behind Bars 2019-07-02 Jill Grunenwald In December 2008, twentysomething Jill Grunenwald graduated with her master's degree in library science, ready to start living her dream of becoming a librarian. But the economy had a different idea. As the Great Recession reared its ugly head, jobs were scarce. After some searching, however, Jill was lucky enough to snag one of the few librarian gigs left in her home state of Ohio. The catch? The job was behind bars as the prison librarian at a men's minimum-security prison. Talk about baptism by fire. As an untested twentysomething woman, to say that the job was out of Jill's comfort zone was an understatement. She was forced to adapt on the spot, speedily learning to take the metal detectors, hulking security guards, and colorful inmates in stride. Over the course of a little less than two years, Jill came to see past the bleak surroundings and the orange jumpsuits and recognize the humanity of the men stuck behind bars. They were just like every other library patron—persons who simply wanted to read, to be educated and entertained through the written word. By helping these inmates, Jill simultaneously began to recognize the humanity in everyone and to discover inner strength that she never knew she had. At turns poignant and hilarious, *Reading behind Bars* is a perfect read for fans of *Orange is the New Black* and *Shakespeare Saved My Life*.

Guns, Democracy, and the Insurrectionist Idea 2018-05-09 Joshua Horwitz The NRA steadfastly maintains that the 30,000 gun-related deaths and 300,000 assaults with firearms in the United States every year are a small price to pay to guarantee freedom. As former NRA President Charlton Heston put it, "freedom isn't free." And when gun enthusiasts talk about Constitutional liberties guaranteed by the Second Amendment, they are referring to freedom in a general sense, but they also have something more specific in mind--freedom from government oppression. They argue that the only way to keep federal authority in check is to arm individual citizens who can, if necessary, defend themselves from an aggressive government. In the past decade, this view of the proper relationship between government and individual rights and the insistence on a role for private violence in a democracy has been co-opted by the conservative movement. As a result, it has spread beyond extreme "militia" groups to influence state and national policy. In *Guns, Democracy, and the Insurrectionist Idea*, Josh Horwitz and Casey Anderson reveal that the proponents of this view base their argument on a deliberate misreading of history. The Insurrectionist myth has been forged by twisting the facts of the American Revolution and the founding of the United States, the denial of civil rights to African-Americans after the Civil War, and the rise of the Third Reich under Adolf Hitler. Here, Horwitz and Anderson set the record straight. Then, challenging the proposition that more guns equal more freedom, they expose Insurrectionism--not government oppression--as the true threat to freedom in the U.S. today. Joshua Horwitz received a law degree from George Washington University and is currently a visiting scholar at the Johns Hopkins Bloomberg School of Public Health. He is Executive Director of the Coalition to Stop Gun Violence and the Educational Fund to Stop Gun Violence. He has spent nearly two decades working on gun violence prevention issues. He lives in Arlington, Virginia. Casey Anderson holds a law degree from Georgetown University and is currently a lawyer in private practice in Washington, D.C. He has served in senior staff positions with the U.S. Congress, the Coalition to Stop Gun Violence, and Americans for Gun Safety. He lives in Arlington, Virginia.

Writing and Literature 2018-01-10 Tanya Long Bennett In the age of Buzzfeeds, hashtags, and Tweets, students are increasingly favoring conversational writing and regarding academic writing as less pertinent in their personal lives, education, and future careers. *Writing and Literature: Composition as Inquiry, Learning, Thinking and Communication* connects students with works and exercises and promotes student learning that is kairotic and constructive. Dr. Tanya Long Bennett, professor of English at the University of North Georgia, poses questions that encourage active rather than passive learning. Furthering ideas presented in *Contribute a Verse: A Guide to First-Year Composition* as a complimentary companion, *Writing and Literature* builds a new conversation covering various genres of literature and writing. Students learn the various writing styles appropriate for analyzing, addressing, and critiquing these genres including poetry, novels, dramas, and research writing. The text and its pairing of helpful visual aids throughout emphasizes the importance of critical reading and analysis in producing a successful composition. *Writing and Literature* is a refreshing textbook that links learning, literature, and life.

Pity the Poor Reader 2021-06-22 Charles Haddad Consider "Pity the Poor Reader" as an un-textbook, an irreverent "Elements of style." Like *Elements*, it's designed to compliment textbooks. *Pity* is concise, memorable and portable. Under 300 pages, *Pity* serves as an aspiring writer's keepsake. Concision lies at the heart of *Pity*. The key concepts of writing well are distilled into irreverent, memorable lines and axioms. Many of them are organized as lists that are easily printed and taped to a wall or a computer. Indeed, in testing the book with my university students, I've found that many of them did print out its list of axioms to keep handy while writing. I've also overheard students quoting *Pity's* axioms to their friends. While similar to "Elements" in spirit, *Pity* differs greatly in style, material and organization. My book draws on current events, history, student anecdotes and my own 30 years of experience as a writer - anything to make its lessons real and relevant. It's written in a style that skewers all pretense and officiousness when it comes to the teaching of writing. The opening chapter about craft is titled "The Tao of Writing Poorly." It parodies the poor way that writing is taught in many high schools and colleges. *Pity* tries to teach whenever possible through humor. It helps to make any lesson memorable.

The Labyrinth Index 2018-10-30 Charles Stross "A bizarre yet effective yoking of the spy and horror genres." —The Washington Post Book World The Lovecraftian Singularity has descended upon the world in *The Labyrinth Index*, beginning an exciting new story arc in Charles Stross' Hugo Award-winning *Laundry Files* series! Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a nightmare. It doesn't help that her boss, the new Prime Minister of Britain, is a manipulative and deceptive pain in the butt. But what else can she expect when working under the thumb of none other than the elder god N'yar Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former *Laundry* agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. It's now up to Mhari and her team to race against the Nazgûl's vampire-manned dragnet to find and, for his own protection, kidnap the president. Who knew an egomaniacal, malevolent deity would have a soft spot for international relations?
